

# API - Technical Specification - August 2026

0.01 May 2026

Pre-production: July 2026

Production: August 2026

# API - Technical Specification - August 2026

1.00 June 2026

Pre-production: 17 June 2026

Production: August 2026

# Important notice

## Purpose & audience

This document describes the technical changes required to participant's systems for the AEMO Release Schedule - System Month Year (Release). The Australian Energy Market Operator (AEMO) provides this information as a service targeting business analysts and IT staff in participant organisations. It provides guidance about the changes to their market systems under the National Gas or Electricity Rules (Rules), as at the date of publication.

## How to use this document

- If you have questions about the business aspects of these changes, please see Consultations on AEMO's website.
- The references listed throughout this document are primary resources and take precedence over this document.
- Unless otherwise stated, you can find resources mentioned in this guide on AEMO's website.
- **Text in this format** is a link to related information.
- **Text in this format**, indicates a reference to a document on AEMO's website.
- **Text in this format** is an action to perform in the Markets Portal.
- This document is written in plain language for easy reading. Where there is a discrepancy between the Rules and information or a term in this document, the Rules take precedence.
- Glossary Terms are capitalised and have the meanings listed against them.
- Rules Terms have the meaning listed against them in the **National Gas Rules** or **National Electricity Rules** (Rules).

## Privacy and legal notices

The material in this publication may be used in accordance with the [privacy and legal notices](#) on AEMO's website.

## Trademark notices

Microsoft, Windows and SQL Server are either registered trademarks or trademarks of Microsoft Corporation in the United States and/or other countries.

Oracle and Java are registered trademarks of Oracle and/or its affiliates.

UNIX is a registered trademark of The Open Group in the US and other countries.

# 1 Introduction

## 1.1 Audience

AEMO provides this information as a service targeting business analysts and IT staff in Registered Participant companies.

## 1.2 Status

Version	Status
0.01	Initial draft for participant review and information only. Please provide feedback in AEMO's website <a href="#">contact us</a> form

## 1.3 Release dates

Scheduled for implementation in:

- Pre-production: **July 2026**
- Production: **August 2026**

## 1.4 Version numbers

**AEMO releases new versions of this document as the technical requirements are streamlined.**

Incremental version numbers such as 1.01, 2.01 and so on mean there is a minor change to the technical specification.

Major version numbers such as 1.00, 2.00 means there are substantial changes to the technical specification. Participants must carefully review the changes detailed in this Release.

## 1.5 Changes in this version

**No changes, this is the initial version.**

# 1 Introduction

## 1.1 Audience

AEMO provides this information as a service targeting business analysts and IT staff in Registered Participant companies.

## 1.2 Status

Version	Status
1.00	In pre-production
0.01	Initial draft for participant review and information only. Please provide feedback in AEMO's website <a href="#">contact us</a> form

## 1.3 Release dates

Scheduled for implementation in:

- Pre-production: **17 June 2026**
- Production: August 2026

## 1.4 Version numbers

**AEMO releases new versions of this document as the technical requirements are streamlined.**

Incremental version numbers such as 1.01, 2.01 and so on mean there is a minor change to the technical specification.

Major version numbers such as 1.00, 2.00 means there are substantial changes to the technical specification. Participants must carefully review the changes detailed in this Release.

## 1.6 Related resources

Once published, these resources take precedence over this technical specification

These guides and resources are updated according to this technical specification and published for the pre-production Release Date.

Title	Description	Status
<a href="#">API Reference Guide</a>	Reference guide assisting participants interacting with AEMO APIs.	Published

## 1.7 Approval to change

There is no approval or agreement to change required from participant change controllers for this Release.

## 1.8 Market systems user group meetings

The Market Systems User Group (MSUG) is an industry user group established to discuss NEM wholesale and retail IT systems releases. Its purpose is to facilitate the continuing improvement of AEMO's IT systems by seeking feedback and collaboration from participants.

MSUG meetings are open to all interested parties, with invitations sent to all included on the distribution list. If you have a technical question for a project and want to attend the MSUG ask your company's support team to include your email address in their **AEMO Help Desk Bulletin (CRM)** distribution list.

## 1.5 Changes in this version

- Pre-production is now available for participant testing

## 1.6 Related resources

Once published, these resources take precedence over this technical specification

These guides and resources are updated according to this technical specification and published for the pre-production Release Date.

Title	Description	Status
<a href="#">API Reference Guide</a>	Reference guide assisting participants interacting with AEMO APIs.	Published

## 1.7 Approval to change

There is no approval or agreement to change required from participant change controllers for this Release.

## 1.8 Market systems user group meetings

The Market Systems User Group (MSUG) is an industry user group established to discuss NEM wholesale and retail IT systems releases. Its purpose is to facilitate the continuing improvement of AEMO's IT systems by seeking feedback and collaboration from participants.

MSUG meetings are open to all interested parties, with invitations sent to all included on the distribution list. If you have a technical question for a project and want to attend the MSUG ask your company's support team to include your email address in their **AEMO Help Desk Bulletin (CRM)** distribution list.

## 2 Proposed Timeline

The dates for the Market System User Group Meetings (MSUG) are tentative. We will provide an invitation one week prior to the meeting.

Milestone	Date	Description
Approval required	N/A	Final date for participant approval of this Release
Revised Technical Specification	N/A	<p>AEMO releases new versions of this document as the technical requirements are streamlined. During the project this document is the source of truth.</p> <p>From the pre-production release, the technical specification is no longer updated, the guides and related documents become the source of truth, see Related resources on page 5.</p> <p><a href="#">Release schedules and technical specifications</a></p>
Related Documents publication	July 2026	Release of guides and resources mentioned in Related resources on page 5
Next MSUG meeting	3 June 2026	<p>Market Systems User Group Meeting (MSUG) to review the technical specification and ask AEMO technical SMEs questions</p> <p>This date is tentative. The project manager will provide an invitation one week prior to the meeting</p>
Pre-production available	July 2026	Testing period begins for participants
Testing	July 2026 – December 2026	<p>Unstructured/bilateral participant testing in the pre-production environment.</p> <p>Participants can continue testing updates in their pre-production environment until December. They must update their production environments before the legacy URLs are decommissioned</p>
Production implementation	August 2026	AEMO implements the release to production
Production systems available	August 2026	Production systems available to participants
Decommission legacy URLs	December 2026	Legacy URLs are no longer available to participants

## 2 Proposed Timeline

The dates for the Market System User Group Meetings (MSUG) are tentative. We will provide an invitation one week prior to the meeting.

Milestone	Date	Description
Approval required	N/A	Final date for participant approval of this Release
Revised Technical Specification	N/A	<p>AEMO releases new versions of this document as the technical requirements are streamlined. During the project this document is the source of truth.</p> <p>From the pre-production release, the technical specification is no longer updated, the guides and related documents become the source of truth, see Related resources on page 5.</p> <p><a href="#">Release schedules and technical specifications</a></p>
Related Documents publication	17 June 2026	Release of guides and resources mentioned in Related resources on page 5
Next MSUG meeting	3 June 2026	<p>Market Systems User Group Meeting (MSUG) to review the technical specification and ask AEMO technical SMEs questions</p> <p>This date is tentative. The project manager will provide an invitation one week prior to the meeting</p>
Pre-production available	17 June 2026	Testing period begins for participants
Testing	July 2026 – December 2026	<p>Unstructured/bilateral participant testing in the pre-production environment.</p> <p>Participants can continue testing updates in their pre-production environment until December. They must update their production environments before the legacy URLs are decommissioned</p>
Production implementation	August 2026	AEMO implements the release to production
Production systems available	August 2026	Production systems available to participants
Decommission legacy URLs	December 2026	Legacy URLs are no longer available to participants

# 3 Participant Impact

To comply with this Release, participants must update their Pre-Production and Production APIs to point to the new URLs.

**The legacy URLs are decommissioned December 2026.**

## 3.1 High-level interface changes

The changes are for internet facing URLs only. MarketNet APIs are unaffected.

Function	Description	Reference
APIs	Detailed specifications and context for API development	<a href="#">APIs</a>

## 3.2 HTTPS Port Number Change

From HTTPS:9319, all new API URLs will use the default HTTPS:443 so there is no requirement to specify the port number when initiating a connection to the new API URLs.

# 3 Participant Impact

To comply with this Release, participants must update their Pre-Production and Production APIs to point to the new URLs.

**The legacy URLs are decommissioned December 2026.**

## 3.1 High-level interface changes

The changes are for internet facing URLs only. MarketNet APIs are unaffected.

Function	Description	Reference
APIs	Detailed specifications and context for API development	<a href="#">APIs</a>

## 3.2 HTTPS Port Number Change

From HTTPS:9319, all new API URLs will use the default HTTPS:443 so there is no requirement to specify the port number when initiating a connection to the new API URLs.
